Objection - Classification/Reason: This is my classification to my objected-to claims. My grandmother; Ossie Mae Mitchell lived at 2040 O'Farrell #101 San Francisco, CA. 94115 for over 70 years & utilized PG&E's service since about 1934. She passed away on 10/24/2002 & left my father; Edward Mitchell as her executor of her estate & he maintained that same residence until his death on 2/14/2019. It was his dying wish that I, Tamara Lee Childs; his executor, take care of all business concerning he and my grandmother; Ossie Mae Mitchell that utilized PG & E's service. In that same residence my father; Edward Mitchell, encountered a gas leak & he was rushed out & temporarily lived another condo until it was resolved. However, it was the time that he lived there when there was a gas leak that made him extremely sick & made his last few months very unbearable until his death on 2/14/2019.

Here are the reasons for the other claims. There should only be a total of two 2-million dollar claims for a total of \$4 million dollars.

Claim #16876 – Amended & replaced with Claim # 88569

Claim # 92133 – Is not a duplicate, it is for Edward Mitchell
